Ladies and Gentlemen:

Pursuant to the Administrative Rules of Montana, 16.2.604, the following Preliminary Environmental Review has been prepared by the Department of Health and Environmental Sciences concerning Holli Allred/dba/Allred's Automobile Salvage.

The purpose of the Preliminary Environmental Review is to inform all interested governmental agencies, public groups or individuals of the proposed action and to determine whether or not the action may have a significant effect on the human environment. This Preliminary Environmental Review will be circulated for a period of fifteen (15) days at which time a decision will be made as to our future action.

If you care to comment on this proposed action, please do so within the allotted time.

Sincerely,

*Carol Fox*

General Comments

The Montana Motor Vehicle Recycling and Disposal Act requires all wrecking facilities to be licensed and screened from public view. Junk vehicles and vehicle parts stored at the facility cannot be visible from any point six feet above the centerline of a public road. Ms. Allred proposes to license a small facility four miles north of Hamilton. The license will allow her to buy wrecked vehicles at insurance auctions which she will in turn repair and resell.

Ms. Allred will store at most two junk vehicles behind a building located 300 feet from Highway 93 N (see diagram). If the inventory is limited to two vehicles, the facility will be screened by the building from view of public roads. However, if more junk vehicles are stored at the site, additional shielding will be necessary.

If operated in compliance with state law, the aesthetic impacts associated with this facility, if any, will be minor. Routine inspections will be required of state and county junk vehicle program officials to assure compliance with state law. Noncompliance with shielding regulations will result in license revocation.

Establishing this facility should result in increased income for the applicant.

Local zoning ordinances do not prohibit the establishment of a wrecking facility at this location.

MOTOR VEHICLE WRECKING FACILITY

INSTRUCTIONS FOR LICENSE APPLICATION

- Items 1, 2 & 3 -- Self-explanatory
- Item 4 -- Fill in the complete legal description. Attach additional sheets if needed. A description of "7 miles north of town" or "817 Green Street" is not a legal description.
- Item 5 -- If you are renting or leasing the property, fill in the information. If you are in the process of buying the land (contract for deed), you may leave the spaces blank.
- Items 6 & 7 -- If you are submitting this application to license a currently licensed and properly shielded motor vehicle wrecking facility, you may omit the information required.
- If the site you are applying for license on is not currently licensed, then you must send all information required in Item 6 and obtain the proper signature on Item 7.
- Item 8 -- Self-explanatory

The yearly license will be issued after all information has been properly submitted, after the site has been approved and the shielding (if needed) is in place. The annual license fee of \$50.00, to be prorated on a quarterly basis for new facilities, shall be paid to the Department of Health and Environmental Sciences.
